ROADMAP

BACKLOG

The screenshot shows the Jira Backlog view for the IBM project. The left sidebar contains navigation options: IBM Software project, PLANNING (Roadmap, Backlog, Board), and DEVELOPMENT (Code, Project pages, Add shortcut, Project settings). The main area displays the Backlog with a search bar, filters (VS, Epic), and an Insights button. It lists four sprints: IBM Sprint 1 (21 Oct – 28 Oct, 0 issues), IBM Sprint 2 (31 Oct – 7 Nov, 0 issues), IBM Sprint 3 (7 Nov – 14 Nov, 0 issues), and IBM Sprint 4 (12 Nov – 19 Nov, 0 issues). Each sprint has a 'Start sprint' button. Below the sprints is a dashed box with the text 'Plan a sprint by dragging the sprint footer down below some issues, or by dragging issues here.' and a '+ Create issue' button. At the bottom, there is a 'Backlog (0 issues)' section with a 'Create sprint' button. A message at the bottom states 'Your backlog is empty.' On the right, a 'Quickstart' panel offers actions like 'Create a project', 'Deliver more often with scrum', 'Create an issue', 'Invite your teammates', and 'Connect your tools'.

BOARD

The screenshot shows the Jira Board view for the IBM project. The left sidebar is similar to the Backlog view, but the 'Board' option is selected under PLANNING. The main area displays the 'IBM board' with a search bar, filters (VS), and a 'GROUP BY' dropdown set to 'None'. The board is divided into three columns: 'TO DO', 'IN PROGRESS', and 'DONE'. The 'TO DO' column contains a large blue circular arrow icon and a message: 'You haven't started a sprint. You can't do anything on your board because you haven't started a sprint yet. Go to the backlog to plan and start a sprint.' with a 'Go to Backlog' button. The 'IN PROGRESS' and 'DONE' columns are currently empty. On the right, the 'Quickstart' panel is updated with 'Customize your board' as the first action, along with 'Create a project', 'Create an issue', 'Invite your teammates', and 'Connect your tools'.
