

PROJECT DEVELOPMENT PHASE

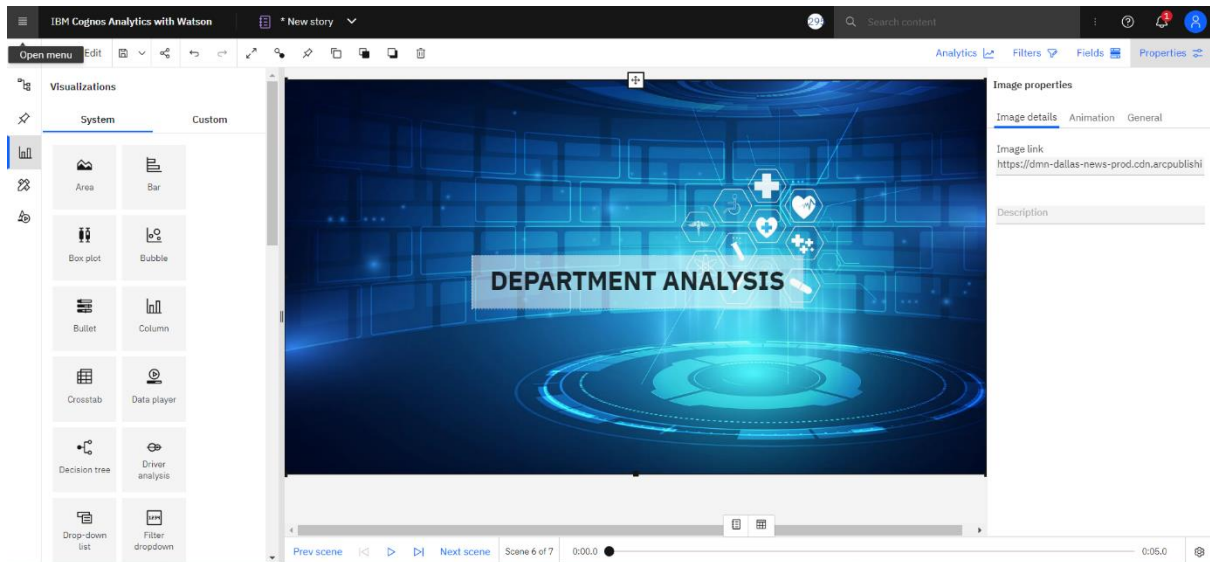

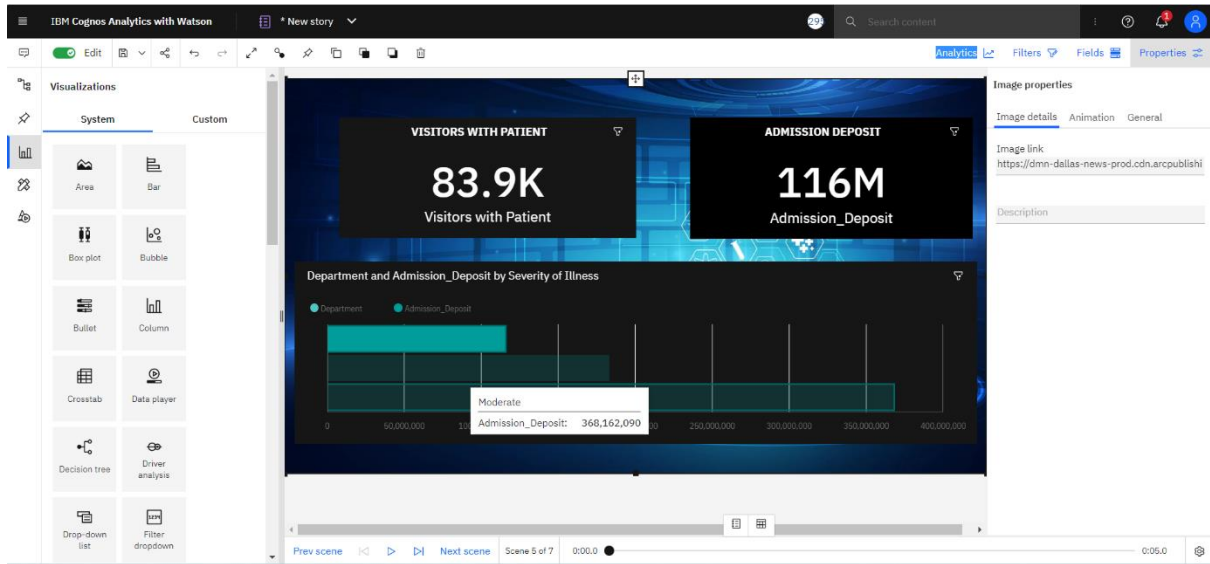

SPRINT 4

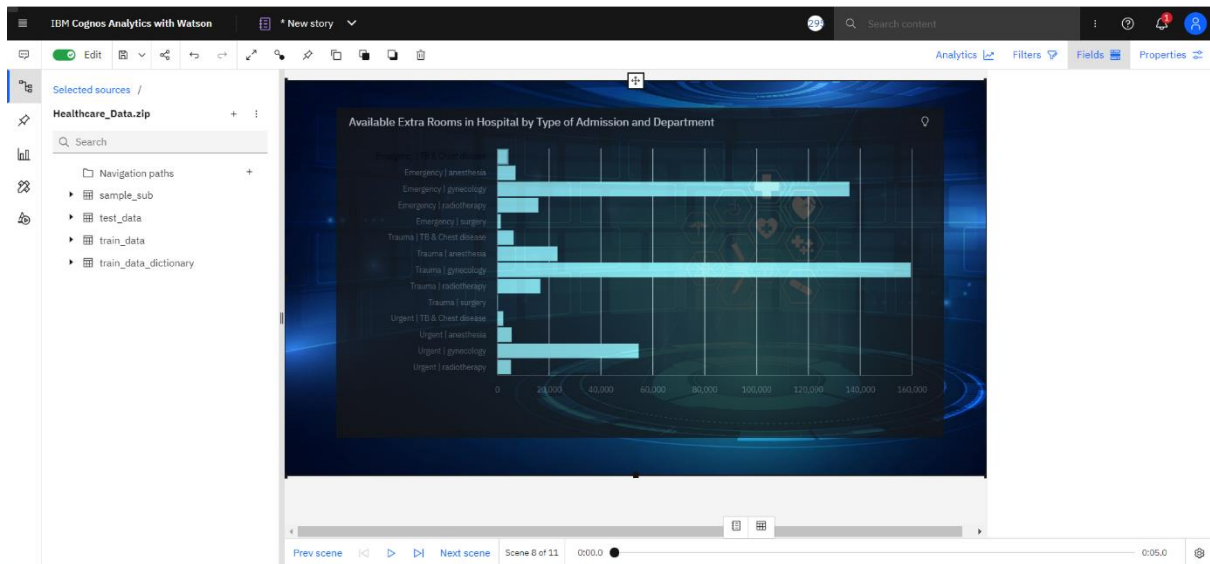

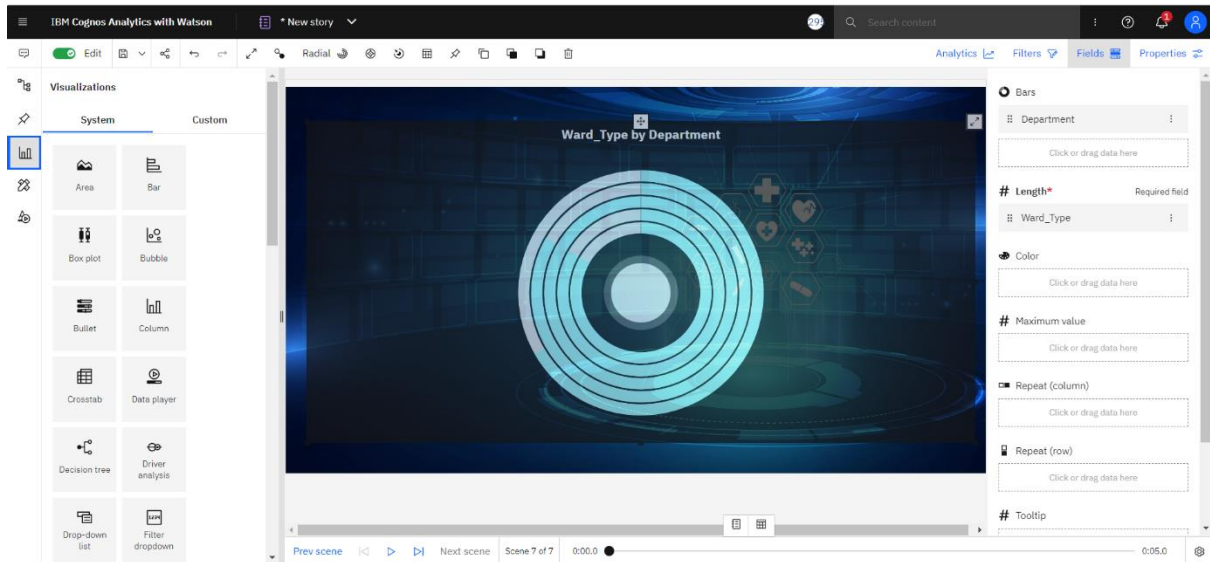

STORY REPORT

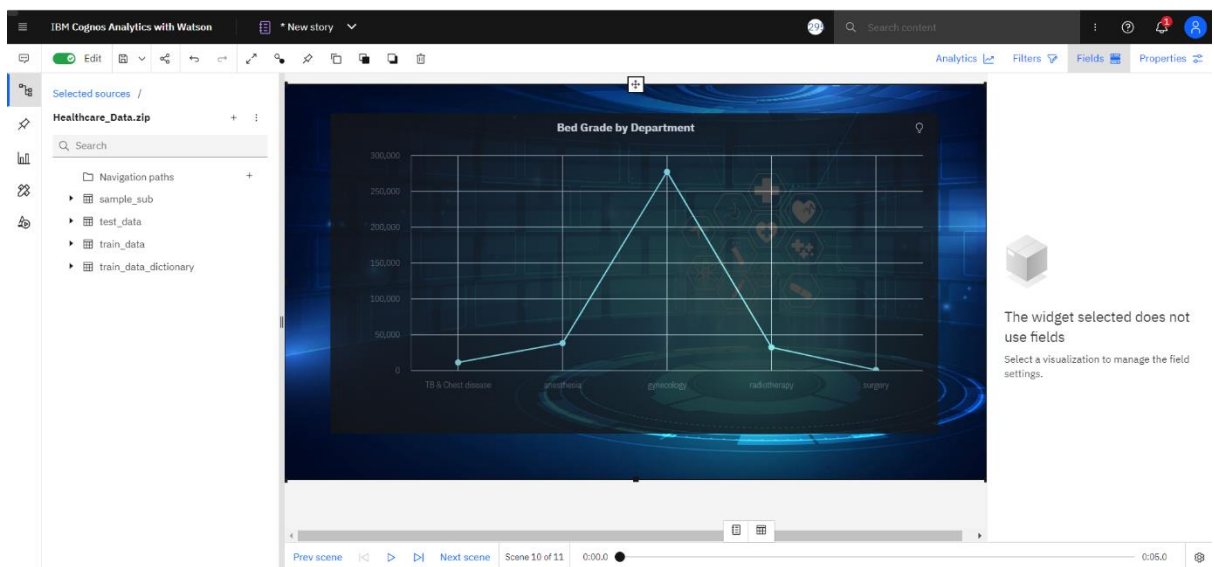

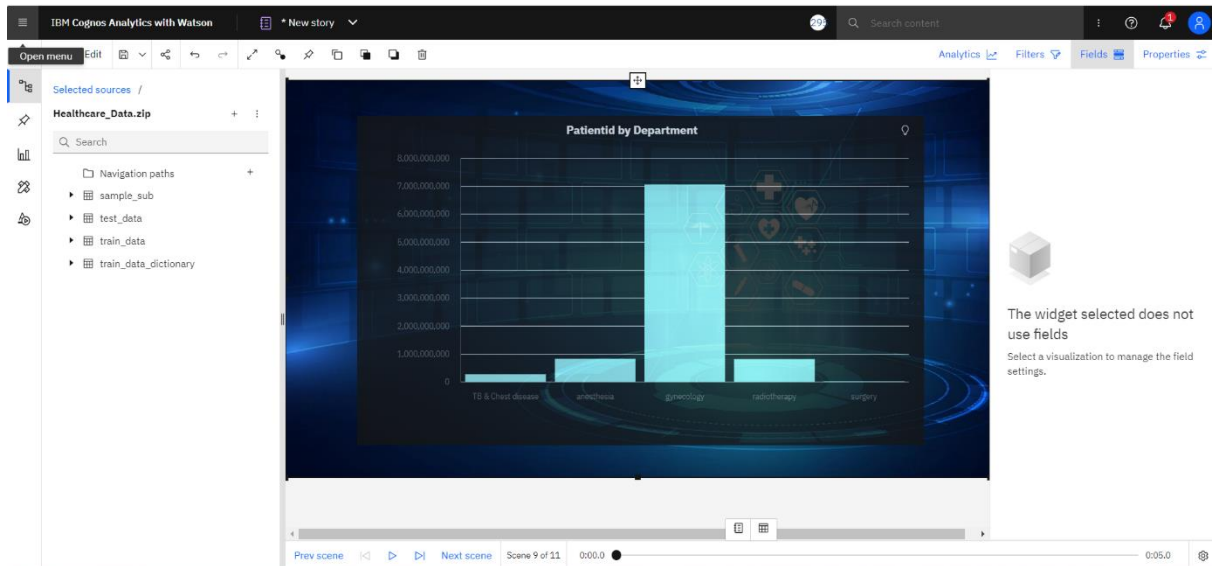

The screenshot shows the IBM Cognos Analytics web interface. The browser address bar displays a URL starting with 'us1.ca.analytics.ibm.com'. The interface includes a top navigation bar with 'IBM Cognos Analytics with Watson' and a 'New story' button. A left sidebar shows the 'Selected sources' pane with a tree view of data sources under 'Healthcare_Data.zip', including 'test_data' and various fields like 'case_id', 'Hospital_code', and 'patientid'. The main content area features a large blue-themed visualization with the title 'ANALYTICS FOR HOSPITAL'S HEALTH-CARE DATA'. To the right of the visualization, a message states 'No visualization selected'. The bottom of the interface shows a navigation bar with 'Prev scene', 'Next scene', and 'Scene 1 of 7'.

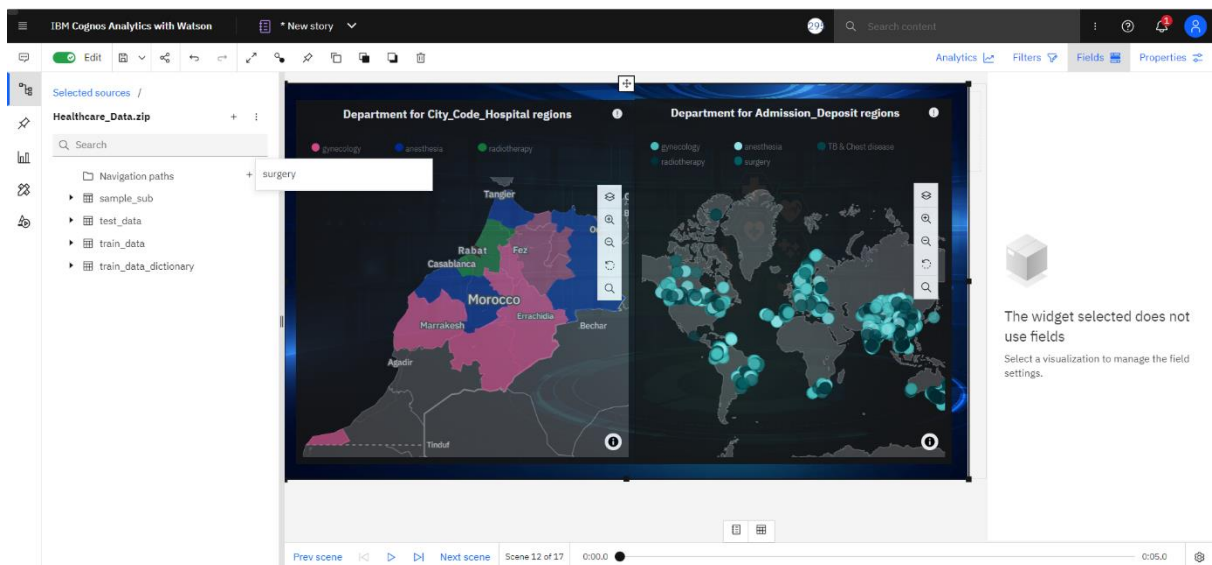

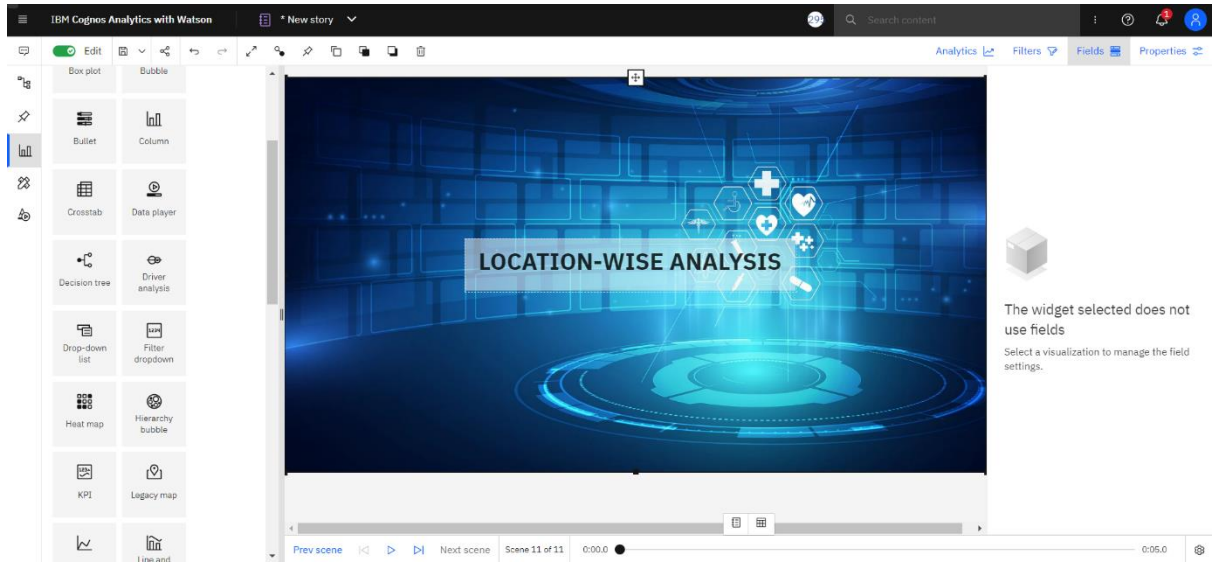

This screenshot shows the same IBM Cognos Analytics interface, but with a different visualization. The left sidebar now shows the 'Visualizations' pane with various chart types like Area, Bar, Box plot, and Bubble. The main content area displays a blue-themed visualization with several text boxes containing questions related to patient care and market analysis. The questions include: 'what do they see? environment friends what the market offers?', 'What do they say and do pain and gain?', 'How to respect for the patient's values, preferences and expressed needs?', 'What really counts major pre-occupations and aspirations?', 'How to find out what patients want?', and 'Should understand where your patients are coming from?'. The bottom navigation bar shows 'Prev scene', 'Next scene', and 'Scene 2 of 7'.
